In its most basic mode, the Hyperion plays repeating light patterns at a constant rate. Simple patterns, like fine texture patterns, may repeat faster than 100 times a second. Slower color fading patterns might take several seconds to repeat, and some patterns are constant. More than a thousand patterns come pre-loaded on your hoop.

The Hyperion is a . . Legendary Sword. This is one of the four refined of Necron's Blade versions that players can craft. This sword seems to be more so geared towards Intelligence making it a viable option for high level mages. Although the sword doesn't have a Mage ability by default, the sword is considered to still be incredibly strong because of the Mage left click ability and the amount of intelligence gained.
